The Library Agreement/Network
 Agenda – 3 government layers and 3 library organizations - Literate Society

Passage Network Agenda page 8 (In Dutch):

Achievements 2022 for the Caribbean:

- First step towards a tailor-made plan per island
- Setting a goal for development of libraries and record this with stakeholders
- Explore the formation of a course group
- reciprocal working visits to get more insight on differences in the work done by libraries
- Exploring support by Dutch Provincial Library Organizations

Wat willen we bereiken in 2022?

We vinden het jaar 2022 geslaagd als we:

- Zicht hebben op de maatschappelijke opgaven per eiland en de capaciteiten van de openbare bibliotheken op alle eilanden, onder andere via het onderzoek van de Universiteit van Aruba. Hiermee hebben we een eerste aanzet om een maatwerkplan per eiland te maken;
- Een proces hebben afgesproken we een doel stellen waar de bibliotheek naartoe kan ontwikkelen;
- Dit doel en het proces vastleggen met de betreffende stakeholders:
- De vorming van een koersgroep verkend hebben
- Onder andere door werkbezoeken vanuit en naar Caribisch Nederland, meer inzicht hebben in de situatie in en de verschillen tussen bibliotheekwerk in Caribisch Nederland en Europees Nederland;
- Een verkenning hebben gedaan voor ondersteuning door één of meerdere POI's aan één of meerdere eilanden.

Starting with the reading promotion programs in the Caribbean is part of the Activity plan of Art of Reading.

BoekStart in Childcare Centers

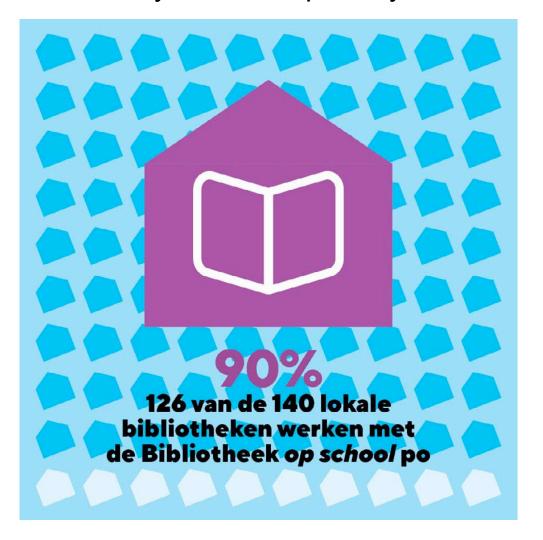

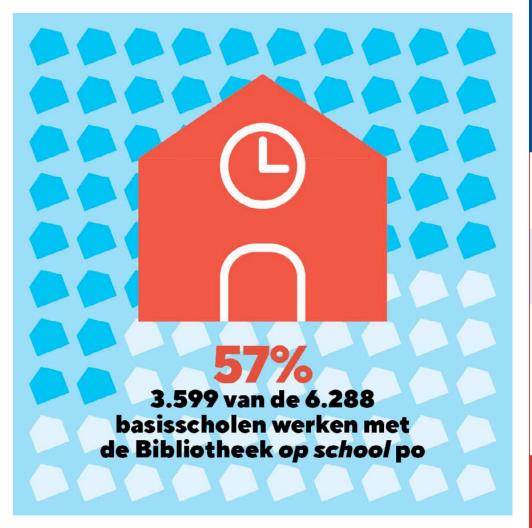

The Library in School primary schools

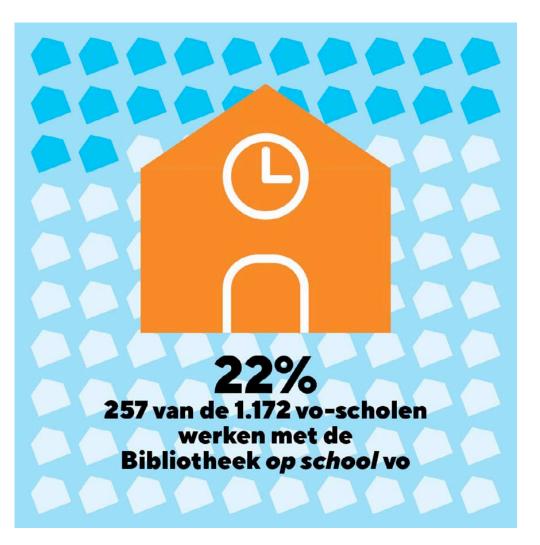

The Library in School secondary schools

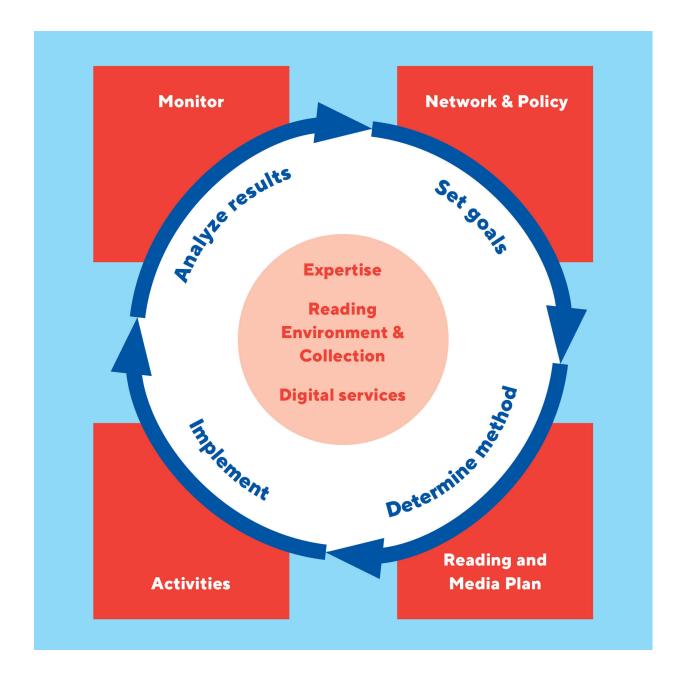

BoekStart for Babies in The Carribean (first in fall 2020):

- Aruba has started last April
- Bonaire has started in January 2022
- Curação has not started yet
- Saba has started in September 2021
- Sint Eustatius was the first Island that started in April 2021
- Sint Maarten has started in 2021

The BoekStartcoach and BoekStart in childcare centers have not started

The Library in School primary education will start this year in Bonaire and a few schools in Curação are planning to start.

5 of 6 islands have applied and received the reading offensive subsidy from OCW/KB (10.000 euros per library). It is still work in progress.

Communication Platform biebtobieb

Biebtobieb is the digital knowledge and innovation platform of the public libraries: a platform where you can acquire and impart knowledge, find people with a specific position or expertise and collaborate in groups.

Suggestion to start a group Caribbean Libraries
