^{a/} Las cifras para los años 1510 a 1673 son estimaciones basadas en el número de "vecinos" según informados por las historiadas y se refieren a la población libre no indígena. Un vecino era un colono a quien el gobierno le había dado permiso para vivir en la Isla y se le autorizaba a cultivar y explorar determinada cantidad de tierra. Se han estimado las siguientes cifras para la población esclava: 1530 (1,500 personas), 1553 (3,000 personas).
