

# INDEX TO VOLUME 87 (2003)

## SUBJECTS

**J. Agric. Univ. P.R. 87(3-4):169-171 (2003)**

- Abiotic stress  
  Inheritance of heat tolerance in common bean, 87(3-4), 113.
- Acidification, direct  
  Anaerobic digestion and, of poultry processing sludge for animal diets, 87(1-2), 81.
- Additive genetic correlations  
  Inheritance of heat tolerance in common bean, 87(3-4), 113.
- Amorphophallus paeoniifolius*  
  Botanical curiosity in Puerto Rico, 87(1-2), 73.
- Anaerobic digestion  
  Direct acidification and, of poultry processing sludge for animal diets, 87(1-2), 81.
- Animals, diets  
  Anaerobic digestion and direct acidification of poultry processing sludge for, 87(1-2), 81.  
  Waste water from a caramel industry as a partial substitute in diets for pigs, 87(1-2), 87.
- Anthonomus eugenii* (See Pepper weevil)
- Araceae  
  *Amorphophallus paeoniifolius*: Botanical curiosity in Puerto Rico, 87(1-2), 73.
- Arachis glabrata* (See *Rhizoma* perennial peanut)
- Asiatic pigeon pea pod miner  
  A new pest of pigeon pea in Puerto Rico, 87(1-2), 65. (Spanish)
- Bacillus thuringiensis* (See Bt-based products)
- Bean  
  Inheritance of heat tolerance in common bean, 87(3-4), 113.
- Biological control  
  Dynamics of diamondback moth in cabbage under, 87(1-2), 31.
- Brassica oleracea* var. *capitata* (See Cabbage)
- Bt-based products  
  Dynamics of diamondback moth in cabbage under, 87(1-2), 31.
- Cabbage  
  Dynamics of diamondback moth in, under intercropping, biological control and Bt-based sprays, 87(1-2), 31.
- Cajanus cajan* (See Pigeon pea)
- Calcareous soils  
  Yam response to fertilization in soils of the semiarid southern coast of Puerto Rico, 87(3-4), 91.
- Cane molasses  
  Liquid supplement of SynerMax and cane molasses for lactating dairy cows, 87(3-4), 137.
- Carbon sequestration  
  In soils of the Río Grande de Arecibo watershed, west-central Puerto Rico, 87(1-2), 51.
- Coffea arabica* (See Coffee)
- Coffee  
  Distribution and pathogenicity of *Pseudomonas cichorii* in, in Puerto Rico, 87(3-4), 123. (Spanish)
- Cotesia plutellae*  
  Dynamics of diamondback moth in cabbage under intercropping, biological control and Bt-based sprays, 87(1-2), 31.
- Dairy cattle  
  Liquid supplement of SynerMax and cane molasses for lactating dairy cows, 87(3-4), 137.
- Dairy, farms  
  Phosphorus balance on, of Puerto Rico, 87(1-2), 59.
- Diamondback moth  
  Dynamics of, in cabbage under intercropping, biological control and Bt-based sprays, 87(1-2), 31.

- Diets, animal  
 Anaerobic digestion and direct acidification of poultry processing sludge for, 87(1-2), 81.
- Dioscorea* spp. (See Yam)
- Epitragus aurulentus*  
 A new record and report for Puerto Rico, 87(3-4), 161.
- Fertilization  
 Yam response to, in soils of the semiarid southern coast of Puerto Rico, 87(3-4), 91.
- Fungus  
 Survey on fungal diseases affecting vegetable crops in southern Puerto Rico, 87(3-4), 155.
- Garcinia mangostana* (See Mangosteen)
- Guava  
 Preliminary evaluation of genotypes on the south coast of Puerto Rico, 87(3-4), 149.
- Hay, legume  
 Chemical composition of rhizoma perennial peanut harvested for, in the tropics, 87(1-2), 1.  
 Dry matter digestibility of rhizoma perennial peanut grown for hay in the Caribbean, 87(1-2), 19.
- Heat tolerance  
 Inheritance of heat tolerance in common bean, 87(3-4), 113.
- Heritability  
 Inheritance of heat tolerance in common bean, 87(3-4), 113.
- Insects  
 Dynamics of diamondback moth in cabbage under intercropping, biological control and Bt-based sprays, 87(1-2), 31.  
 Asiatic pigeon pea pod miner, a new pest in Puerto Rico, 87(1-2), 65. (Spanish)  
 New records of natural enemies of the pepper weevil in Puerto Rico, 87(1-2), 69.  
*Epitragus aurulentus*: A new record and report for Puerto Rico, 87(3-4), 161.
- Intercropping  
 Dynamics of diamondback moth in cabbage under, 87(1-2), 31.
- Ipomoea batatas* (See sweet potato)
- Lactating cows  
 Liquid supplement of SynerMax and cane molasses for lactating dairy cows, 87(3-4), 137.
- Liquid supplement  
 Liquid supplement of SynerMax and cane molasses for lactating dairy cows, 87(3-4), 137.
- Mangosteen  
 Rapid in vitro propagation of, through shoot division, 87(1-2), 77.  
 New method for long term storage of viable seed of, 87(1-2), 79.
- Melanagromyza obtusa* (See Asiatic pigeon pea pod miner)
- Micronutrients  
 Yam response to fertilization in soils of the semiarid southern coast of Puerto Rico, 87(3-4), 91.
- Natural enemies  
 New records of, of the pepper weevil in Puerto Rico, 87(1-2), 69.
- Nutrient  
 Phosphorus balance on dairy farms of Puerto Rico, 87(1-2), 59.
- Pepper  
 New records of natural enemies of the pepper weevil in Puerto Rico, 87(1-2), 69.
- Pepper weevil  
 New records of natural enemies of, in Puerto Rico, 87(1-2), 69.
- Phaseolus vulgaris* L. (See Bean)
- Phosphorus  
 Balance of, on dairy farms of Puerto Rico, 87(1-2), 59.
- Pig, diets  
 Waste water from a caramel industry as a partial substitute in, 87(1-2), 87.
- Pigeon pea  
 Asiatic pigeon pea pod miner a new pest of, in Puerto Rico, 87(1-2), 65. (Spanish)
- Plant, diseases  
 Distribution and pathogenicity of *Pseudomonas cichorii* in coffee in Puerto Rico, 87(3-4), 123. (Spanish)  
 Survey on fungal diseases affecting vegetable crops in southern Puerto Rico, 87(3-4), 155.

Planting season

Sweet potato genotypes with potential for early harvesting planted in different seasons in central Puerto Rico, 87(3-4), 105. (Spanish)

*Plutella xylostella* (See Diamondback moth)

*Pseudomonas cichorii*

Distribution and pathogenicity of, in coffee in Puerto Rico, 87(3-4), 123. (Spanish)

*Psidium guajava* (See Guava)

Rhizoma perennial peanut

Chemical composition of, harvested for hay in the tropics, 87(1-2), 1.

Dry matter digestibility of, grown for hay in the Caribbean, 87(1-2), 19.

Seed

New method for long term storage of viable seed of mangosteen, 87(1-2), 79.

Sludge, poultry processing

Anaerobic digestion and direct acidification of, for animal diets, 87(1-2), 81.

Soils

Carbon sequestration in, of the Río Grande de Arecibo watershed, west-central Puerto Rico, 87(1-2), 51.

*Streptomyces solubles*

Liquid supplement of SynerMax and cane molasses for lactating dairy cows, 87(3-4), 137.

Sweet potato

Genotypes with potential for early harvesting planted in different seasons in central Puerto Rico, 87(3-4), 105. (Spanish)

Tissue culture

Rapid in vitro propagation of mangosteen through shoot division, 87(1-2), 77.

Vegetable crops

Survey on fungal diseases affecting vegetable crops in southern Puerto Rico, 87(3-4), 155.

Waste

Anaerobic digestion and direct acidification of poultry processing sludge for animal diets, 87(1-2), 81.

Water, from a caramel industry as a partial substitute in diets for pigs, 87(1-2), 87.

Yam

Response to fertilization in soils of the semiarid southern coast of Puerto Rico, 87(3-4), 91.
