

INDEX TO VOLUME 105 (2021)

SUBJECTS

J. Agric. Univ. P.R. 105 (2):277-280 (2021)

- Anthracnose, leaf
First report of *Colletotrichum alatae* on water yam (*Dioscorea alata*) causing leaf anthracnose in Puerto Rico, 105 (2), 269.
- Avocado
Fertilization and precise irrigation scheduling for mature avocado, 105 (1), 73.
- Biochar
Characterization of coffee shrub biochar charged with cow manure and effective microorganisms, 105 (1), 89.
- Body weight, rabbits
Sire breed and sex of offspring effect on growth of rabbits up to 13 weeks of age, 105 (1), 63. (Spanish)
- Cajanus cajan* (See Pigeon Pea)
- Carcass yield, rabbits
Comparative yield of carcass components of F1 crossbred rabbits sired by a New Zealand Red or a Flemish Giant buck, 105 (1), 49. (Spanish)
- Citrus
Fertilization methods affecting 'Tahiti' lime (*Citrus latifolia*) fruit yield and profitability, 105 (2), 163.
- Coffea arabica* L. (See Coffee)
- Coffee
Using contingent valuation to estimate consumers' willingness to pay for differentiated coffees in Puerto Rico, 105 (1), 1.
- Coffee, quality
Using contingent valuation to estimate consumers' willingness to pay for
- differentiated coffees in Puerto Rico, 105 (1), 1.
- differentiated coffees in Puerto Rico, 105 (1), 1.
- Colletotrichum alatae*
First report of *Colletotrichum alatae* on water yam (*Dioscorea alata*) causing leaf anthracnose in Puerto Rico, 105 (2), 269.
- Complete rations, sheep
Productive performance, characteristics of carcass and cuts, and meat quality of growing lambs fed complete rations containing two levels of total digestive nutrients, 105 (2), 223. (Spanish)
- Contingent valuation
Using contingent valuation to estimate consumers' willingness to pay for differentiated coffees in Puerto Rico, 105 (1), 1.
- Corn earworm
Bio-assays of biological and organic synthetic insecticides for corn earworm [*Helicoverpa zea* (Boddie) (Lepidoptera: Noctuidae)] larvae, 105 (2), 203. (Spanish)
- Dairy calves
Supplementation of dairy calves with digestive enzymes and fermentation products of *Aspergillus oryzae* and *Aspergillus niger*, 105 (1), 23.
- Dairy cows
Light sensors assess solar radiation vs. shade exposure of slick and wild type Puerto Rican Holstein cows, 105 (1), 39.
- Association between the profile of mastitis-causing pathogens and

- milking practices in dairy herds in Puerto Rico, 105 (2), 243. (Spanish)
- Dew condensers**
- Water requirements for growth and survival of *Swietenia macrophylla* and *Tabebuia heterophylla* juvenile trees in relation to water production capacity of dew condensers, 105 (2), 143.
- Dioscorea alata* (See Yam)
- Drought, mortality**
- Water requirements for growth and survival of *Swietenia macrophylla* and *Tabebuia heterophylla* juvenile trees in relation to water production capacity of dew condensers, 105 (2), 143.
- Education, agricultural**
- Historical trajectory of the agricultural vocational schools in Puerto Rico, 105 (1), 107. (Spanish)
- Enzymes, digestive**
- Supplementation of dairy calves with digestive enzymes and fermentation products of *Aspergillus oryzae* and *Aspergillus niger*, 105 (1), 23.
- Fertilization**
- Fertilization and precise irrigation scheduling for mature avocado, 105 (1), 73.
- Fertilization methods affecting 'Tahiti' lime (*Citrus latifolia*) fruit yield and profitability, 105 (2), 163.
- Fragipan soils**
- Soil temperature variations between a Typic Fragiudults and a Typic Paleudults in the Ozark Highlands of Missouri, 105 (2), 125.
- Genotypes, pigeon pea**
- Agronomic evaluation of 15 pigeon pea [*Cajanus cajan* (L.) Millsp.] genotypes in Isabela and Lajas, Puerto Rico, 105 (2), 179. (Spanish)
- Heat stress, ovine**
- Descriptive analysis of the effect of the duration of the mating season on the reproductive and productive ef-
- ficiency of ovine raised under heat stress, 105 (1), 99. (Spanish)
- Helicoverpa zea*
- Bioassays of biological and organic synthetic insecticides for corn earworm [*Helicoverpa zea* (Boddie) (Lepidoptera: Noctuidae)] larvae, 105 (2), 203. (Spanish)
- Insecticides, biological, organic**
- Bioassays of biological and organic synthetic insecticides for corn earworm [*Helicoverpa zea* (Boddie) (Lepidoptera: Noctuidae)] larvae, 105 (2), 203. (Spanish)
- Insects**
- Bioassays of biological and organic synthetic insecticides for corn earworm [*Helicoverpa zea* (Boddie) (Lepidoptera: Noctuidae)] larvae, 105 (2), 203. (Spanish)
- Irrigation, dew condensers**
- Water requirements for growth and survival of *Swietenia macrophylla* and *Tabebuia heterophylla* juvenile trees in relation to water production capacity of dew condensers, 105 (2), 143.
- Irrigation, scheduling**
- Fertilization and precise irrigation scheduling for mature avocado, 105 (1), 73.
- Lambs, native**
- Productive performance, characteristics of carcass and cuts, and meat quality of growing lambs fed complete rations containing two levels of total digestive nutrients, 105 (2), 223. (Spanish)
- Larvae, mortality**
- Bioassays of biological and organic synthetic insecticides for corn earworm [*Helicoverpa zea* (Boddie) (Lepidoptera: Noctuidae)] larvae, 105 (2), 203. (Spanish)
- Light sensors**
- Light sensors assess solar radiation vs. shade exposure of slick and wild type Puerto Rican Holstein cows, 105 (1), 39.

- Lime, Tahiti
Fertilization methods affecting 'Tahiti' lime (*Citrus latifolia*) fruit yield and profitability, 105 (2), 163.
- Mastitis
Association between the profile of mastitis-causing pathogens and milking practices in dairy herds in Puerto Rico, 105 (2), 243. (Spanish)
- Mating season, ovine
Descriptive analysis of the effect of the duration of the mating season on the reproductive and productive efficiency of ovine raise under heat stress, 105 (1), 99. (Spanish)
- Milking practices
Association between the profile of mastitis-causing pathogens and milking practices in dairy herds in Puerto Rico, 105 (2), 243. (Spanish)
- Ovine
Descriptive analysis of the effect of the duration of the mating season on the reproductive and productive efficiency of ovine raised under heat stress, 105 (1), 99. (Spanish)
Productive performance, characteristics of carcass and cuts, and meat quality of growing lambs fed complete rations containing two levels of total digestive nutrients, 105 (2), 223. (Spanish)
- Pathogens, mastitis
Association between the profile of mastitis-causing pathogens and milking practices in dairy herds in Puerto Rico, 105 (2), 243. (Spanish)
- Penetrometer
Comparison of the Casagrande and drop-cone penetrometer methods for measuring the liquid limit in Puerto Rican soils, 105 (2), 263.
- Photoperiod, insensitivity
Agronomic evaluation of 15 pigeon pea [*Cajanus cajan* (L.) Millsp.] genotypes in Isabela and Lajas, Puerto Rico, 105 (2), 179. (Spanish)
- Pigeon pea
Agronomic evaluation of 15 pigeon pea [*Cajanus cajan* (L.) Millsp.] genotypes in Isabela and Lajas, Puerto Rico, 105 (2), 179. (Spanish)
- Prebiotics
Supplementation of dairy calves with digestive enzymes and fermentation products of *Aspergillus oryzae* and *Aspergillus niger*, 105 (1), 23.
- Puerto Rico
Agronomic evaluation of 15 pigeon pea [*Cajanus cajan* (L.) Millsp.] genotypes in Isabela and Lajas, Puerto Rico, 105 (2), 179. (Spanish)
Comparison of the Casagrande and drop-cone penetrometer methods for measuring the liquid limit in Puerto Rican soils, 105 (2), 263.
First report of *Colletotrichum alatae* on water yam (*Dioscorea alata*) causing leaf anthracnose in Puerto Rico, 105 (2), 269.
Historical trajectory of the agricultural vocational schools in Puerto Rico, 105 (1), 107. (Spanish)
Using contingent valuation to estimate consumers' willingness to pay for differentiated coffees in Puerto Rico, 105 (1), 1.
- Pyrolysis, biomass
Characterization of coffee shrub biochar charged with cow manure and effective microorganisms, 105 (1), 89.
- Rabbits, crossbred, yield
Comparative yield of carcass components of F1 crossbred rabbits sired by a New Zealand Red or a Flemish Giant buck, 105 (1), 49. (Spanish)
- Rabbits, growth
Sire breed and sex of offspring effect on growth of rabbits up to 13 weeks of age, 105 (1), 63. (Spanish)
- School, occupational, vocational
Historical trajectory of the agricultural vocational schools in Puerto Rico, 105 (1), 107. (Spanish)

Sheep

Descriptive analysis of the effect of the duration of the mating season on the reproductive and productive efficiency of ovine raised under heat stress, 105 (1), 99. (Spanish)

Productive performance, characteristics of carcass and cuts, and meat quality of growing lambs fed complete rations containing two levels of total digestive nutrients, 105 (2), 223. (Spanish)

Slick-haired cows

Light sensors assess solar radiation vs. shade exposure of slick and wild type Puerto Rican Holstein cows, 105 (1), 39.

Soil temperature, regime

Soil temperature variations between a Typic Fragiudults and a Typic Paleudults in the Ozark Highlands of Missouri, 105 (2), 125.

Solar radiation, exposure in cattle

Light sensors assess solar radiation vs. shade exposure of slick and wild type Puerto Rican Holstein cows, 105 (1), 39.

Swietenia macrophylla

Water requirements for growth and survival of *Swietenia macrophylla* and *Tabebuia heterophylla* juvenile trees in relation to water production capacity of dew condensers, 105 (2), 143.

Tabebuia heterophylla

Water requirements for growth and survival of *Swietenia macrophylla*

and *Tabebuia heterophylla* juvenile trees in relation to water production capacity of dew condensers, 105 (2), 143.

Trees, juvenile

Water requirements for growth and survival of *Swietenia macrophylla* and *Tabebuia heterophylla* juvenile trees in relation to water production capacity of dew condensers, 105 (2), 143.

UAV

Fertilization and precise irrigation scheduling for mature avocado, 105 (1), 73.

Waste milk

Supplementation of dairy calves with digestive enzymes and fermentation products of *Aspergillus oryzae* and *Aspergillus niger*, 105 (1), 23.

Water requirements

Water requirements for growth and survival of *Swietenia macrophylla* and *Tabebuia heterophylla* juvenile trees in relation to water production capacity of dew condensers, 105 (2), 143.

Willingness to pay

Using contingent valuation to estimate consumers' willingness to pay for differentiated coffees in Puerto Rico, 105 (1), 1.

Yam

First report of *Colletotrichum alatae* on water yam (*Dioscorea alata*) causing leaf anthracnose in Puerto Rico, 105 (2), 269.
