

# INDEX TO VOLUME 96 (2012)

## SUBJECTS

**J. Agric. Univ. P.R. 96 (3-4):267-271 (2012)**

- Acidovorax*  
Bacteria occurring in onion (*Allium cepa* L.) foliage in Puerto Rico, 96 (3-4), 199.
- Allium cepa* (See Onion)
- Anoxia  
Limnological conditions at La Plata reservoir in Puerto Rico: 2008 to 2009, 96 (1-2), 1.
- Anthropogenic compounds  
Soil and interstitial water quality in Jobos Bay, 96 (1-2), 23.
- Bacteria  
Bacteria occurring in onion (*Allium cepa* L.) foliage in Puerto Rico, 96 (3-4), 199.
- Beef cattle  
Prostaglandins synchronization and single and double artificial insemination affect estrus characteristics and pregnancy index and parturition in Senepol bovines, 96 (3-4), 245. (Spanish)
- Biological control  
Reproductive capacity of *Mirax insularis* Muesebeck (Hym: Braconidae) in larvae of the coffee leafminer, *Leucoptera coffeella* Guérin-Ménéville & Perrottet 1842 (Lep: Lyonetiidae), 96 (3-4), 221. (Spanish)
- Broiler litter  
Broiler litter applications and chemical properties of highly weathered soils, 96 (3-4),
- Burkholderia*  
Bacteria occurring in onion (*Allium cepa* L.) foliage in Puerto Rico, 96 (3-4), 199.
- Carbohydrates  
Tastes and volatiles of tropical-type sweet potatoes, 96 (3-4), 183.
- Cassava  
Yield and root morphology of two cassava genotypes in three harvest cycles, 96 (1-2), 117. (Spanish)
- CERES-Maize  
Genetic coefficient determination for three maize cultivars and one hybrid, 96 (1-2), 57. (Spanish)
- Chicken manure  
Plantain (*Musa AAB*) response to chicken manure as soil amendment and to nematicides, 96 (3-4), 155. (Spanish)
- Broiler litter applications and chemical properties of highly weathered soils, 96 (3-4), 129.
- Chemical content  
Dry matter yield and chemical content of forage sorghums intercropped with annual legumes, 96 (3-4), 165. (Spanish)
- Clavibacter*  
Bacteria occurring in onion (*Allium cepa* L.) foliage in Puerto Rico, 96 (3-4), 199.
- Coffea arabica* (See Coffee)
- Coffee  
Reproductive capacity of *Mirax insularis* Muesebeck (Hym: Braconidae) in larvae of the coffee leafminer, *Leucoptera coffeella* Guérin-Ménéville & Perrottet 1842 (Lep: Lyonetiidae), 96 (3-4), 221. (Spanish)
- Coffee leafminer  
Reproductive capacity of *Mirax insularis* Muesebeck (Hym: Braconidae) in

- larvae of the coffee leafminer, *Leucoptera coffeella* Guérin-Méneville & Perrottet 1842 (Lep: Lyonetiidae), 96 (3-4), 221. (Spanish)
- Coffee pulp  
 Coffee pulp compost: Chemical properties and distribution of humic substances, 96 (1-2), 77.  
 Evaluation of three coffee pulp composting feedstocks, 96 (3-4), 251.
- Compost  
 Coffee pulp compost: Chemical properties and distribution of humic substances, 96 (1-2), 77.  
 Evaluation of three coffee pulp composting feedstocks, 96 (3-4), 251.
- Consumers tastes and preferences  
 Changes in preferences of plantain consumers in Puerto Rico, 2003-2008, 96 (1-2), 107. (Spanish)
- Contamination  
 Soil and interstitial water quality in Jobos Bay, 96 (1-2), 23.
- Corn  
 Inbred maize response to cover crops and fertilizer-nitrogen, 96 (1-2), 37.  
 Genetic coefficient determination for three maize cultivars and one hybrid, 96 (1-2), 57. (Spanish)
- Cover crops  
 Inbred maize response to cover crops and fertilizer-nitrogen, 96 (1-2), 37.
- Crop response  
 Inbred maize response to cover crops and fertilizer-nitrogen, 96 (1-2), 37.
- Cucurbita moschata* (See Pumpkin)
- Cultivar release  
 Release of 'Camuy': A white-fleshed sweet potato, 96 (1-2), 123.
- Dry matter yield  
 Dry matter yield and chemical content of forage sorghums intercropped with annual legumes, 96 (3-4), 165. (Spanish)
- Estrus  
 Prostaglandins synchronization and single and double artificial insemination affect estrus characteristics and pregnancy index and parturition in Senepol bovines, 96 (3-4), 245. (Spanish)
- Estuary  
 Soil and interstitial water quality in Jobos Bay, 96 (1-2), 23.  
 Eutrophication  
 Limnological conditions at La Plata reservoir in Puerto Rico: 2008 to 2009, 96 (1-2), 1.
- Evapotranspiration  
 Pumpkin response to microirrigation in two agro-ecological regions in Puerto Rico, 96 (3-4), 139.
- Fermentation  
 Fermentation characteristics, voluntary intake and nutrient digestibility of forage sorghum [*Sorghum bicolor* (L.) Moench.] and sorgo-sudan (Sudax) haylage fermented in round bales, 96 (1-2), 89. (Spanish)
- Fertilization  
 Inbred maize response to cover crops and fertilizer-nitrogen, 96 (1-2), 37.
- Fertilizer, N  
 Inbred maize response to cover crops and fertilizer-nitrogen, 96 (1-2), 37.
- Forage sorghums  
 Dry matter yield and chemical content of forage sorghums intercropped with annual legumes, 96 (3-4), 165. (Spanish)
- Fresh plantain  
 Changes in preferences of plantain consumers in Puerto Rico, 2003-2008, 96 (1-2), 107. (Spanish)
- Fulvic acids  
 Coffee pulp compost: Chemical properties and distribution of humic substances, 96 (1-2), 77.
- Genetic coefficients  
 Genetic coefficient determination for three maize cultivars and one hybrid, 96 (1-2), 57. (Spanish)

- Guava, genotypes  
 Long term evaluation of guava (*Psidium guajava*) genotypes on the south coast of Puerto Rico, 96 (3-4), 257.
- Haylage round bales  
 Fermentation characteristics, voluntary intake and nutrient digestibility of forage sorghum [*Sorghum bicolor* (L.) Moench.] and sorgo-sudan (Sudax) haylage fermented in round bales, 96 (1-2), 89. (Spanish)
- Humic acids  
 Coffee pulp compost: Chemical properties and distribution of humic substances, 96 (1-2), 77.
- Insects  
 Reproductive capacity of *Mirax insularis* Muesebeck (Hym: Braconidae) in larvae of the coffee leafminer, *Leucoptera coffeella* Guérin-Ménéville & Perrottet 1842 (Lep: Lyonetiidae), 96 (3-4), 221. (Spanish)
- Insemination, artificial  
 Prostaglandins synchronization and single and double artificial insemination affect estrus characteristics and pregnancy index and parturition in Senepol bovines, 96 (3-4), 245. (Spanish)
- Intercropping  
 Dry matter yield and chemical content of forage sorghums intercropped with annual legumes, 96 (3-4), 165. (Spanish)
- Interstitial water  
 Soil and interstitial water quality in Jobos Bay, 96 (1-2), 23.
- Ipomoea batatas* (See Sweet potato)
- Irrigation  
 Pumpkin response to microirrigation in two agro-ecological regions in Puerto Rico, 96 (3-4), 139.
- Irrigation, scheduling  
 A simple web-based method for scheduling irrigation in Puerto Rico, 96 (3-4), 235.
- Irrigation, web-based method  
 A simple web-based method for scheduling irrigation in Puerto Rico, 96 (3-4), 235.
- Lablab  
 Dry matter yield and chemical content of forage sorghums intercropped with annual legumes, 96 (3-4), 165. (Spanish)
- Legumes  
 Dry matter yield and chemical content of forage sorghums intercropped with annual legumes, 96 (3-4), 165. (Spanish)
- Leucoptera coffeella* (See Coffee leafminer)
- Limnology  
 Limnological conditions at La Plata reservoir in Puerto Rico: 2008 to 2009, 96 (1-2), 1.
- Maize  
 Inbred maize response to cover crops and fertilizer-nitrogen, 96 (1-2), 37.  
 Genetic coefficient determination for three maize cultivars and one hybrid, 96 (1-2), 57. (Spanish)
- Manihot esculenta* Crantz (See Cassava)
- Onion  
 Bacteria occurring in onion (*Allium cepa* L.) foliage in Puerto Rico, 96 (3-4), 199.
- Mirax insularis*  
 Reproductive capacity of *Mirax insularis* Muesebeck (Hym: Braconidae) in larvae of the coffee leafminer, *Leucoptera coffeella* Guérin-Ménéville & Perrottet 1842 (Lep: Lyonetiidae), 96 (3-4), 221. (Spanish)
- Mucuna  
 Dry matter yield and chemical content of forage sorghums intercropped with annual legumes, 96 (3-4), 165. (Spanish)
- Musa* AAB (See Plantain)
- Nematicide  
 Plantain (*Musa* AAB) response to chicken manure as soil amendment

- and to nematicides, 96 (3-4), 155. (Spanish)
- Nutrients**  
Limnological conditions at La Plata reservoir in Puerto Rico: 2008 to 2009, 96 (1-2), 1.
- Organic carbon**  
Coffee pulp compost: Chemical properties and distribution of humic substances, 96 (1-2), 77.
- Pan Evaporation**  
Pumpkin response to microirrigation in two agro-ecological regions in Puerto Rico, 96 (3-4), 139.
- Pantoea**  
Bacteria occurring in onion (*Allium cepa* L.) foliage in Puerto Rico, 96 (3-4), 199.
- Plant, diseases**  
Bacteria occurring in onion (*Allium cepa* L.) foliage in Puerto Rico, 96 (3-4), 199.
- Plantain**  
Plantain (*Musa* AAB) response to chicken manure as soil amendment and to nematicides, 96 (3-4), 155. (Spanish)
- Plantain consumption**  
Changes in preferences of plantain consumers in Puerto Rico, 2003-2008, 96 (1-2), 107. (Spanish)
- Pregnancy index**  
Prostaglandins synchronization and single and double artificial insemination affect estrus characteristics and pregnancy index and parturition in Senepol bovines, 96 (3-4), 245. (Spanish)
- Processed plantain**  
Changes in preferences of plantain consumers in Puerto Rico, 2003-2008, 96 (1-2), 107. (Spanish)
- Prostaglandins**  
Prostaglandins synchronization and single and double artificial insemination affect estrus characteristics and pregnancy index and parturition in Senepol bovines, 96 (3-4), 245. (Spanish)
- Pseudomonas***  
Bacteria occurring in onion (*Allium cepa* L.) foliage in Puerto Rico, 96 (3-4), 199.
- Psidium guajava*** (See Guava)
- Pumpkin**  
Pumpkin response to microirrigation in two agro-ecological regions in Puerto Rico, 96 (3-4), 139.
- Releases**  
Release of 'Camuy': A white-fleshed sweet potato, 96 (1-2), 123.
- Root morphology**  
Yield and root morphology of two cassava genotypes in three harvest cycles, 96 (1-2), 117. (Spanish)
- Sequential extraction**  
Coffee pulp compost: Chemical properties and distribution of humic substances, 96 (1-2), 77.
- Soil, amendment**  
Plantain (*Musa* AAB) response to chicken manure as soil amendment and to nematicides, 96 (3-4), 155. (Spanish)
- Soil, chemical properties**  
Plantain (*Musa* AAB) response to chicken manure as soil amendment and to nematicides, 96 (3-4), 155. (Spanish)  
Broiler litter applications and chemical properties of highly weathered soils, 96 (3-4), 129.
- Soil, quality**  
Soil and interstitial water quality in Jobos Bay, 96 (1-2), 23.
- Soils, weathered**  
Broiler litter applications and chemical properties of highly weathered soils, 96 (3-4), 129.
- Sorghum**  
Fermentation characteristics, voluntary intake and nutrient digestibility of forage sorghum [*Sorghum bicolor* (L.) Moench.] and sorgo-sudan (Su-

dax) haylage fermented in round bales, 96 (1-2), 89. (Spanish)

*Sorghum bicolor* (See Sorghum)

Sorgo-sudan

Fermentation characteristics, voluntary intake and nutrient digestibility of forage sorghum [*Sorghum bicolor* (L.) Moench.] and sorgo-sudan (Sudax) haylage fermented in round bales, 96 (1-2), 89. (Spanish)

Sweet potato

Release of 'Camuy': A white-fleshed sweet potato, 96 (1-2) 123.

Tastes and volatiles of tropical-type sweet potatoes, 96 (3-4), 183.

Tropical reservoir

Limnological conditions at La Plata reservoir in Puerto Rico: 2008 to 2009, 96 (1-2), 1.

Volatile compounds, organic

Tastes and volatiles of tropical-type sweet potatoes, 96 (3-4), 183.

Water quality

Limnological conditions at La Plata reservoir in Puerto Rico: 2008 to 2009, 96 (1-2), 1.

Soil and interstitial water quality in Jobos Bay, 96 (1-2), 23.

*Xanthomonas*

Bacteria occurring in onion (*Allium cepa* L.) foliage in Puerto Rico, 96 (3-4), 199.

*Zea mays* L. (See Corn)
