

# THE JOURNAL OF AGRICULTURE OF THE UNIVERSITY OF PUERTO RICO

Issued quarterly by the Agricultural Experiment Station of the University of Puerto Rico, Mayagüez Campus, for the publication of articles and research notes by staff members or others, dealing with scientific agriculture in Puerto Rico and elsewhere in the Caribbean Basin and Latin America.

VOL. 80

OCTOBER 1996

No. 4

## INDEX TO THE JOURNAL OF AGRICULTURE OF THE UNIVERSITY OF PUERTO RICO, VOLUMES 70 TO 80 (1986 to 1996)

SUPPLEMENT NO. 4<sup>1</sup>

Wanda I. Lugo, Julia M. O'Hallorans, Samuel O. Vélez-Delgado,  
Margaret M. Inserni and Rosaura Rivera-Ostolaza<sup>2</sup>

J. Agric. Univ. P.R. 80(4):211-257 (1996)

### AUTHORS<sup>3</sup>

#### Abreu, E.

1986, The coconut palm Eriophyid  
mite, *Eriophydes guerreronis*

(Keifer) (Acarina: Eriophyidae)  
in Puerto Rico, 70(3), 223 (RN).

<sup>1</sup>In the July 1971 issue of the *Journal of Agriculture of the University of Puerto Rico* appeared the first two installments of the author and subject indexes to the Journal. The first installment comprises volumes 1 through 47, the years 1917 to 1963. That installment was compiled by Luis F. Martorell, Silverio Medina-Gaud and Enrique Jordán-Musa. It includes 1,264 titles, both full articles and research notes. The second installment, Supplement No. 1, compiled by Luis F. Martorell, comprises volumes 48 through 52, years 1964 to 1968. It includes 91 articles and research notes.

The third installment, Supplement No. 2, compiled by Silverio Medina-Gaud and Luis F. Martorell, appeared in the October 1971 issue. It comprises volumes 53 through 55, years 1969 to 1971, and includes 164 articles and research notes.

The fourth installment, Supplement No. 3, was compiled by Samuel O. Vélez-Delgado, Margaret Inserni and Rosaura Rivera-Ostolaza. It comprises volumes 56 through 69, years 1972 to 1985. It includes 759 articles and research notes.

The present installment, Supplement No. 4, brings the indexes up to the current issue. It comprises volumes 70 to 80, years 1986 to 1996. It includes 509 articles and research notes.

<sup>2</sup>Technical Editor, Research Assistant (Department of Agronomy and Soils), Former Technical Editor, English Language Consultant, and Administrative Secretary II, respectively, Agricultural Experiment Station, P.O. Box 21360, Río Piedras, P.R. 00928.

<sup>3</sup>An author's name may appear in more than one form. Although all first names are abbreviated, an author may appear with one or two initials. Last names may appear single or compound. When compound, they are hyphenated regardless of how they appear in the original. Alphabetically, names with a single initial precede two-initial ones (Y. Badillo precedes Y. A. Badillo); single names precede hyphenated ones (Abreu, Z. precedes Abreu-Abadía, A.). Articles under one name are organized chronologically (those in volume I precede those in volume II; those in number 1 precede those in number 2 and those on page 1 precede those on page 2).
